EXECUTIVE SUMMARY

This document summarizes the efforts taken to provide the Education Kit for PRoVisG. It lists the material that is provided for the Education Kit prepared during the PRoVisG project and is also linking to already existing sources provided by project partners.

The education kit is supposed to provide information material for students of all ages that supports the dissemination of the projects results. The approach is to collect informative and to students interesting data to communicate the

- purpose of planetary exploration,
- how robotic remote sensing is working,
- what is needed to ensure a successful space mission, and
- how does PRoVisG fit into the picture?
